[Download pdf ebook] American Farm Collectibles: Identification and Price Guide, 2nd Edition

## **American Farm Collectibles: Identification and Price Guide, 2nd Edition**

**Russell E Lewis : American Farm Collectibles: Identification and Price Guide, 2nd Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised American Farm Collectibles: Identification and Price Guide, 2nd Edition:

2 of 2 people found the following review helpful. Excellent book for ideasBy Sherry B.I didn't buy this book for the values of items, that doesn't interest me at all. I like to build models, and building them realistically is one of my goals. This book gives me plenty of ideas as there are a ton of pictures. To build a farm scene for example, and no having too much knowledge of farm equipment, especially of bygone eras, the pictures are a valuable resource. So if it is just the pictures you are after, this is great.0 of 0 people found the following review helpful. Great book. I love all the picturesBy sharrandGreat book. I love all the pictures. Lots of good information.8 of 9 people found the following review helpful. Definitely not reliable!By cottagprimFirst let me say I don't normally write a review,but this book is

just down right horrible if you are looking for values. I'm in the antique business and specialize in primitives and all of the prices are way off. The author is very biased as well if he owns it or it has his wife's maiden name then it's worth a small fortune otherwise the items are mainly worth nothing. For instance a blue decorate 4 gallon antique stoneware crock is worth under \$75 in his eyes in reality the crock is worth \$450 on up. This is the instance throughout if the author doesn't own it it's not worth dirt. On the other hand the book is good if you need to identify certain antique tools. Other than that not much info on items and prices are way off.

\*Features essential details beneficial for competing in tens of thousands of ongoing online auctions Steeped in the tradition of hard work, American nostalgia and a simpler way of life, this book contains fascinating and informative details for anyone who farms, grew up on a farm, or finds farm collectibles fascinating. This latest edition of American Farm Collectibles captures the essence of the family farm in 1,000 photos, expertly researched pricing, and details that represent farming's role in the evolution of our society. This enhanced edition contains information about farming in print, farm tools, small-scale farming, farm kitchen collectibles, gardens and vintage tractors.
