American World War 1 Posters (24 cards) by DoverBy JJ 99I do have many complete postcards set of this kind at home and this postcard set is okay, if you are a fan of comics or war posters.1 of 1 people found the following review helpful. Great Resource for History ClassroomsBy CustomerI plan on using these cards in my high school history classroom. Since they're kind of small (about postcard size), I might just pass them around for the students to look at, or I might glue them all together and make a poster collage. Either way, I think they'll be a useful addition to my classroom. The cards are good quality and it's a good collection of all of the most famous

propaganda posters. I would highly recommend it.

World War I posters used to promote the American war effort are today highly prized collectibles. This card collection reproduces 24 of those works, among them James Montgomery Flagg's classic depiction of Uncle Sam proclaiming "I Want YOU for U.S. Army." Dover Original.
