[Free] An Atlas of Anglo-Saxon and Norman Coin Finds c.973-1086 (Royal Numismatic Society Special Publications)

An Atlas of Anglo-Saxon and Norman Coin Finds c.973-1086 (Royal Numismatic Society Special Publications)

D. M. Metcalf : An Atlas of Anglo-Saxon and Norman Coin Finds c.973-1086 (Royal Numismatic Society Special Publications) before purchasing it in order to gauge whether or not it would be worth my time, and all praised An Atlas of Anglo-Saxon and Norman Coin Finds c.973-1086 (Royal Numismatic Society Special Publications):

This book is much more than atlas, it is a study of the monetary history of the eleventh century. It is about what happened to coins after they were minted and uses the evidence to examine the intentions and policies of those who issued the coins and controlled the currency. The results are achieved from an analysis of hoards and single finds and

presented in a series of full-page maps.
