It was meant as a gift for my mother, since she collects antique perfume bottles, but I couldn't stop looking at the pictures and reading about the bottles. I think this book may have turned me into a collector of perfume bottles. I just went to an antique shop recently and bought 3 bottles. I came home and

immediately called my mother, asking to borrow this book. Excellent book, full of a wealth of information.0 of 0 people found the following review helpful. Five StarsBy Jane Rose-ChampeGreat price fast shipping.0 of 0 people found the following review helpful. Five StarsBy Penny DolnickGreat item.

A precious commodity since ancient times, the powerful presence of perfume lies not in the fragrance alone, as you'll discover after spending just a few minutes with the beautiful new reference to the regal world of antique and vintage perfume bottles. Each of the bottles in this book (which includes commercial successes such as Avon and Coty, and high-end spectacles including Chanel No. 5 and Lalique) is represented in a stunning color photos, accompanied by recent auction and realized pricing, plus, production information to assist the accurate identification of these containers.
