[Free] Archibald Knox (Art and Design Monographs)

## **Archibald Knox (Art and Design Monographs)**

**Stephen A. Martin : Archibald Knox (Art and Design Monographs)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Archibald Knox (Art and Design Monographs):

3 of 4 people found the following review helpful. You CAN get the... this book!By Sharon S.... It is a WONDERFUL book, full of very clear large photographs ("over 830 color photographs"). I bought this book in London and had to carry it home to the U.S. It is big and heavy, but it was worth it. If you appreciate the style of Liberty and Co., you need this book.

This text covers the life and work of Archibald Knox, whose designs in gold, silver, pewter, stonework and textiles combine elements of Celtic art with those of modernist abstract sensibility. Alongside essays by Victor Arwas, Adrian Tilbrook and Tony Jones, the book features chronologies, bibliographies, appendices and numerous illustrations of Knox's work.
