## **Architectural Ceramics (Shire Library)**

**Hans Van Lemmen : Architectural Ceramics (Shire Library)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Architectural Ceramics (Shire Library):

0 of 4 people found the following review helpful. bookBy Janice ChassierI bought the book either for school or as a reference. Its good. I can't believe they require a minimum amount of words. Crazy. They want an opinion and then ask for so many words. What are they nuts!

This book charts the history of architectural ceramics, focusing on practical and decorative applications, on architects, designers and manufacturers, and on styles and techniques of production and decoration.

About the AuthorHans van Lemmen taught for many years at Leeds Metropolitan University. He is an established

authority on the history of tiles and has lectured on the subject in Britain and elsewhere. He is a founder member and presently publications editor of the British Tiles and Architectural Ceramics Society and has written other books on tiles for the Shire list.
