Arkham House Books: A Collector's Guide

Leon Nielsen, Foreword by Barry Abrahams : Arkham House Books: A Collector's Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Arkham House Books: A Collector's Guide:

0 of 0 people found the following review helpful. Useful guide to Arkham House titlesBy LI Techief you have Arkham House books that you would like to sell, but have little idea of the market, this book should serve as a loose guide. It discusses the titles, outlines print runs and gives unique information about various of the books that might affect its resale value.The author also cautions the neophyte about what a poor idea looking at books as an investment often is.He cites prices for titles, both with and without the ORIGINAL dust covers (big difference) but be aware THE PRICES ARE FIVE YEARS OLD and they may have appreciated, depreciated or just stayed the same

since. Personally, as someone who purchased some nice items in the '60s I'm grateful for this book as it is intelligently written with information I've found to be hard to find. 0 of 0 people found the following review helpful. Five Stars By Josh Dollins A must have for collectors of Arkham house books 0 of 1 people found the following review helpful. Disappointed By cat lady 4 I was hoping for more specific information, feel I wasted my money on this book. Will have to go back to looking up each book I have for sale on eBay or Abe books

This reference work covers the supernatural and speculative fiction published by Arkham House Publishers, Inc., of Sauk City, Wisconsin. In 1937, promising Wisconsin writer August Derleth decided to publish a collection of the stories of his recently deceased friend, H. P. Lovecraft. After two years of failed attempts, Derleth and another Lovecraft fan, Donald Wandrei, published the collection themselves under the name of Arkham. In the years that followed, Arkham House published the works of many of the foremost American and British writers of weird fiction, including Basil Copper, Lord Dunsany, Robert E. Howard, and Robert Bloch. Arkham published Ray Bradbury's first book, *Dark Carnival*, in 1947. The work begins with a history of the house and biography of August Derleth; it also includes a chapter on H. P. Lovecraft's connection to Arkham. The main body of the text consists of chronologically listed descriptions and current values of the more than 230 titles published by Arkham House and its two imprints, Mycroft Moran and Stanton Lee. These entries detail editions, reprints, special points, restoration, care, buying and selling, investment, and future trends. Other features include alphabetical indexes of titles and authors, lists of scarcity and value ranking, a list of annual stock lists and catalogs, and a bibliography of reference literature. The book is illustrated throughout with dust jacket reproductions and photographs.

"Up-to-date, comprehensive, and easy-to-use...plainly of interest to any collectors or dealers of Arkham House books and of books in the science-fiction and supernatural/fantasy genres." --Midwest Book "A valuable tool." --Critical Mass About the Author The late Leon Nielsen, published writer and retired wildlife biologist, was a seller and appraiser of books. He lived in Brookfield, Wisconsin.
