Lee Klancher : Art of the John Deere Tractor: Featuring Tractors from the Walter and Bruce Keller Collection before purchasing it in order to gauge whether or not it would be worth my time, and all praised Art of the John Deere Tractor: Featuring Tractors from the Walter and Bruce Keller Collection:

Gorgeous photography of agricultural icons from the country's top private John Deere collection now available in paperback! Now available in paperback, The Art of the John Deere Tractor presents John Deere's most famous and fascinating machines as they've never been presented before: in a studio, photographed against plain seamless backdrops. The result is a superb collection of unprecedented photographs celebrating every detail of the tractors considered to be icons of industrial design. From the spartan Waterloo Boy to the streamlining triumph of the Model AOS, from German and Argentine models to the much vaunted New Generation tractors, photographer and author Lee Klancher delves into the renowned Keller Collection to bring Deere fans an utterly unique look at the objects of their passion. Thirty tractors are presented in beautiful full-tractor shots and detail views that highlight notable engineering and design elements. Accompanying the photography are detailed captions, the stories behind the models shown, and the history of John Deere design evolution, particularly the influence of renowned industrial designer Henry Dreyfuss. A John Deere book like no other, sure to captivate those who bleed green.

About the Author Born and raised on the banks of the Brill River in northern Wisconsin, Lee Klancher (Austin, Texas) has been chronicling motorcycle and outdoor adventures big and small since the early 1990s. His favorite adventure

articles have covered riding the treacherous 300-mile track that crosses the Bolivian portion of the jungle, scaring himself senseless on Slovenia's Mount Triglav, and crossing the northeast Australian Outback on Honda XRs. Lee's other interests include mountain biking, dive bars, racquetball, and college hockey. His writing and photography appear regularly in Men's Journal, Motorcyclist, and Motorcycle Escape.
