## **Arts and Crafts: Pottery and Ceramics**

**Joanna Wissinger : Arts and Crafts: Pottery and Ceramics** before purchasing it in order to gage whether or not it would be worth my time, and all praised Arts and Crafts: Pottery and Ceramics:

1 of 1 people found the following review helpful. Thin in content and in sizeBy appyannaI expected an informative reference book but instead found a skinny coffee table book. It contains very few, albeit lovely, photographs averaging about one photo per page. The wording, like the book, is lovely but lacks substance. If you are looking for a small attractive coffee table book this will do but for information go to another source. Miller's American Art Pottery by David Rago would be a superior choice.
