Babes, Beasts, and Brawn

Steve Kiwus : Babes, Beasts, and Brawn before purchasing it in order to gage whether or not it would be worth my time, and all praised Babes, Beasts, and Brawn:

9 of 9 people found the following review helpful. More self-promotion than how-toBy BrianThis book isn't going to show you exactly how he makes his sculptures. Most of it is devoted to a review of his portfolio, with only the last several pages reserved for an explanation of the process. While it's nice to see another artist's work, I really wish this had been more instructional in nature.3 of 3 people found the following review helpful. Not What It IsBy Clair BerenbroickI thought this book might have some lessons included, but it's just a picture book on general superheroes and other patented images.3 of 3 people found the following review helpful. The book is anad for the author.By Kindle CustomerThe book has little value as a "How-To." Don't waste your money, unless you just want to look at the pretty pictures.

Babes, Beasts, and Brawn: Sculpture of the Fantastic is a definitive look into the creation of these powerhouse

playthings, with hundreds of stunning color photographs and fascinating insights into Kiwus' creative process. Beyond the building of plastic toys, Kiwus has created some of the most stunning and in-demand limited-edition cast sculptures of comics and fantasy figures of all stripes, including three-dimensional representations of the paintings of Frank Frazetta and miniature renditions of the Queen of Pin-Ups, Bettie Page. Also included is an in-depth how-to section, where Kiwus chronicles his process step-by-step to aid aspiring professionals.
