Ogam: Weaving Word Wisdom

Erynn Rowan Laurie : Ogam: Weaving Word Wisdom before purchasing it in order to gage whether or not it would be worth my time, and all praised Ogam: Weaving Word Wisdom:

0 of 0 people found the following review helpful. Required reading. Get this book.By tr0798Extremely well written, thorough, and insightful. This should be required reading for anyone wanting to study Ogam.1 of 1 people found the following review helpful. Excellent and informative book.By Kindle CustomerA very precise account of Celtic-ism at its best. This is a must have for anyone using the Celtic path.0 of 0 people found the following review helpful. Wish

This Had Been Written Ages Ago By Peggy Slater I've had my Ogam Staves for over 2 decades, but gave up on them after a couple frustrating years of nothing making sense based on the books I could find. There were several available, but they all pretty much said the same things. This ebook has changed that. Beware Beginners: Erynn has a lot of information that is pretty advanced, but there is a huge bibliography at the end and I suggest using it. In fact, any "level" student of ogam should use it. This is my new go to book when practicing with my staves. On a sidenote: I thought this author's name and the concept of the "3 cauldrons" sounded like a book I'd read in the mid-90s and I got it off my bookshelf. It is titled, "A Circle of Stones - Journeys and Meditations for Modern Celts", published in 1995. Another excellent book on Celtic Studies. I didn't get far with it since I'd only been this path for a few years and wasn't ready for it.

Ogam: Weaving Word Wisdom is a breakthrough in ogam divination and magical studies. Rather than working from the commonly known tree alphabet paradigm, Erynn Rowan Laurie takes us back to the roots of each letter's name, exploring its meanings in the context of Gaelic language and culture. Like the Norse runes, each letter is associated with an object or a concept -- "sulfur", "a bar of metal", "terror". These letters are deeply enmeshed in a web of meaning both cultural and spiritual, lending power and weight to their symbolism. With two decades of experience with the ogam and over thirty years of working with divination, Erynn offers insights into the many profound meanings hidden in the ogam letters and their lore. She explains each letter in context and shows how to expand the system in new and innovative ways while acknowledging and maintaining respect for ogam's traditional language and culture. In this book, you will find ways to use the ogam for divination, ideas on incorporating ogam into ritual, discussions of how ogam relates to Celtic Reconstructionist Paganism, and instructions for creating your own set of ogam feda or letters for your personal use.

About the Author Laurie is a Student of the Irish Celts, and Has Been a Priestess of Their Ancient Deities for Nearly a Decade. a Dedicated Modern Addict, She Can Often Be Found Online Talking about Celts.
