Oriental Rugs: A Complete Guide

Murray Eiland : Oriental Rugs: A Complete Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Oriental Rugs: A Complete Guide:

2 of 2 people found the following review helpful. wrong editionBy rastamanThe 1998 and 2007 editions, which are almost identical, are the ones worth having as they have twice the plates, twice the pages, twice the index and twice the quality of the earlier editions.This serves as an introductory work; the later editions is a real reference.0 of 0 people found the following review helpful. One of the best reference books on Oriental rugs!By Alexandra AthanassiouI would rate "Oriental Rugs: A complete guide by Murray I Eiland" as one of the very best reference books on Oriental rugs that I have come across. The choice of the rugs that are illustrated therein, their classification-- including detailed descriptions and dating--, the quality of the color plates, along with the given history of the oriental rug, makes this work an excellent reference on this subject. I very highly recommend it!0 of 1 people found the following review

helpful. Five StarsBy Judith E. PrueittNice book

Widely recognised as the standard introduction to this subject, this book focuses on the nineteenth- and twentieth-century weaving of the Middle and Far East. It begins with a brief history of carpets and goes on to discuss weaving techniques, dyes and design. Traditional practices are described, along with computer-aided design. The book then covers the full range of oriental rugs by country and region respectively, providing detailed information on the characteristics of each type, illustrated with colour plates of typical examples.

"The most useful, well-researched and up-to-date book of its type" Architectural Digest"About the AuthorMurray L. Eiland Jr has studied oriental rugs for over thirty years. His other books include Chinese and Exotic Rugs, Weavers, Merchants and Kings and Oriental Rugs from Atlantic Collections. Murray Eiland II is currently engaged in research at the University of California, Santa Cruz.
