WardAs a philatelist and writer (A.J's Encyclopedia of Stamps and Philatelic Links - on the 'net) I loved this ca. 1940's history of philately and stamp dealers at the end of the 'Golden Age' of stamp collecting and stamp dealing.1 of 2 people found the following review helpful. Great read. Poor OCR quality control.By GwylA great read and a great walk down the philatelic memory lane. The OCR of the original scanned document is awful and should never allow anything with such poor manufacturing

quality to be issued. But ignoring the QC issue, this book is a worthwhile historical perspective on the classical view of the hobby. A serious philatelist would be well advised to read this book. Readers interested in any aspect of the hobby will enjoy it. 0 of 1 people found the following review helpful. Five Stars By Doggno
