It was described perfectly when I bought it! I owned this book over twenty years ago and lost it. It felt good to see it in my library again. Enjoyed working with this bookseller very much!1 of 1 people found the following review helpful. A Weaver's "Must Have"By patricia RydstromThis is an older classic standard of technical weaving techniques. I used it when i was just beginning my career as a Navajo weaver and the terms and ideas that are put forth here are so easily understood and so applicable. This book is a "MUST HAVE" in every weavers reference library.0 of 1 people found the following review helpful. Nancy Harvey is a wonderful teacher.
