Deborah Ducoff-Barone : Philadelphia Furniture Makers 1816-1830 (Including Checklist of Active Cabinetmakers Chairmakers) (THE MAGAZINE ANTIQUES, May 1994) before purchasing it in order to gage whether or not it would be worth my time, and all praised Philadelphia Furniture Makers 1816-1830 (Including Checklist of Active Cabinetmakers Chairmakers) (THE MAGAZINE ANTIQUES, May 1994):

Issue dedicated to American Furniture. Highlighted article by Ducoff-Barone contains 2 pgs. of text, with footnotes, followed by an extensive 9-page listing of Philadelphia cabinetmakers and chairmakers, 1816-1830, consisting of name, dates of birth and death, type of business, address or location of business home; business, advertising and legal details. Listings vary from 1 line to more than 10, depending on the amount of information available, which was taken from contemporary city directories, newspapers magazines, wills administrations, censuses and fire insurance surveys.

A very thorough "genealogy" of Philadelphia furniture makers.
