Pistols of the World: The Definitive Illustrated Guide to the World's Pistols and Revolvers

Ian V. Hogg, John Weeks : Pistols of the World: The Definitive Illustrated Guide to the World's Pistols and Revolvers before purchasing it in order to gage whether or not it would be worth my time, and all praised Pistols of the World: The Definitive Illustrated Guide to the World's Pistols and Revolvers:

0 of 0 people found the following review helpful. broad coverage of the topic, but does not go deepBy JordeanBought this for sub \$1 so really cannot complain about the price! The book has a lot of useful information about many obscure handguns, and is a useful resource. I was puzzled to find almost no information on the Soviet Makarov and other copies, as well as other Eastern European manufacturers, such as Radom (speaking here of the P-64 and P-83 in 9x18 caliber).If you want to learn a little about a number of different guns, this is a good resource.I think an overall discussion of the different actions/designs would have been nice as well.0 of 1 people found the following review

helpful. Reliable serviceBy Svein Henrik PedersenIt was an overseas deliveryThe delivery time and condition was according to seller description.Back feed was better to that expected, an excellent shopping experience. :)0 of 0 people found the following review helpful. Five StarsBy Andy Hui Ka WaVery good product

Completely revised, this edition is now the most accurate, authoritative and complete reference book available on the subject. Chronicles 2,500+ handguns made from 1887-1991.
