Essential Price GuideBy gobirds2When it comes to concise and easy to use price guides to Lionel Trains I have found Greenberg's Guides to be invaluable. It breaks the catalogue numbers down into eras or distinct ranges of years of production and lists price ranges based on condition in a very orderly fashion. If you sell or buy on eBay this is a valuable tool. Greenberg's Lionel Trains Guides and publications are all first rate and come highly recommended.0 of 0 people found the following review helpful. Good GuideBy tarponjpmThis is a good tool to help you identify trains that you are looking for and just a general price range.

Includes a brief description of each item with production date and significant variations. Pricing information is provided for numerically listed items in good, excellent, or new condition. Features the hobby's most accurate pricing data, compiling information from numerous sources around the country. Offers tips about how and where to buy toy trains, and insuring your collection Covers Lionels OO, O, Standard, and 2-7/8" gauge and large scale trains. Photo section features significant new products. Features a convenient, lay-flat binding.
