Popular Quimper (Schiffer Book for Collectors)

Ann Marie O'Neill : Popular Quimper (Schiffer Book for Collectors) before purchasing it in order to gage whether or not it would be worth my time, and all praised Popular Quimper (Schiffer Book for Collectors):

So useful I had to buy itBy Muses AntiquesAfter getting this book (and its companion) out of the library several times I realized I simply had to buy it. The name "Quimper" is applied to all ceramics from this town in Brittany, north-west France, as if they were all from the same factory. After several buy-outs in recent decades that is now almost the case. But in the first half of the 20th century things were very different.. O'Neill makes quick work out of defining the essential differences between makers and clarifying the confusing marks (the makers deliberately poached on each others' territory). Each class of item is described in text and image, with

prices based on O'Neill's extensive experience that are easily translatable into today's prices. Ceramics from Quimper have a timeless appeal and remain as collectible as ever. This book is a valuable guide into what would otherwise be a murky area for the beginner. I also find it a joyful book to browse through with the vibrant colours of the pottery and the simple goodheartedness of the artists' creativity. Just what is needed in these days of social and financial austerity. Highly recommended. 0 of 0 people found the following review helpful. Later I bought this book from and this coupled with some online sites are really helpful in dating pieces. 0 of 0 people found the following review helpful.
Five StarsBy N. CooperGreat book. Arrived promptly.

What better memento from a sojourn to France than a sweet piece of French fai**ence from the town of Quimper? Produced for over 300 years by several different factories in the region of Quimper, this popular ware is rich in Celtic charm and lavishly decorated with colors, scenes, and patterns that reflect the area's heritage. With over 320 color photos, this handy, pocket-sized guide is great for travel and presents a wonderful potpourri of wares from the Grande Maison HB, Eloury-Porquier, Henriot, Keraluc, and Fouillen fai**enceries. Illustrated and described are charming platters, plates, pitchers, bowls, bottles, tea and coffee pots, rare and unusual pieces, and much more. Includes historical background and information on regional traditions, identification of maker's marks, and up-to-date pricing.
