## Potter's Primer

**Morgen Hall : Potter's Primer** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Potter's Primer:

Received both books in a short amount of time. I am totally happy with my purchase! 43 of 45 people found the following review helpful. Great for the BASICS! By A Customer I teach an evening college class and this book has been an excellent resource. It poses - step by step - exactly what to do and how to do it. The photography is superb - allowing students to derive their own ideas from what they see. For the beginner, I couldn't recommend it more.

Excellent addition to any art lovers book collection.

NEW BOOK IN PRISTINE CONDITION.
