[Read free] PYREX: The Unauthorized Collector's Guide (Schiffer Book for Collectors)

## **PYREX: The Unauthorized Collector's Guide (Schiffer Book for Collectors)**

**Barbara E. Mauzy : PYREX: The Unauthorized Collector's Guide (Schiffer Book for Collectors)** before purchasing it in order to gage whether or not it would be worth my time, and all praised PYREX: The Unauthorized Collector's Guide (Schiffer Book for Collectors):

9 of 9 people found the following review helpful. Photos don't depict rich, vivid colors of '60s and '70s Pyrex By Elle M. This guide has a lot of great information about the history of Pyrex, and the price guides have been invaluable when haggling with dealers at flea markets and antique malls over the price of a particular piece. However, I work in printing/publishing, and I was surprised that so many of the photos in the book are poorly lit or, worse, poorly toned. It makes it difficult to distinguish between prints and patterns, especially if you're a devotee of the Spring Blossom/Crazy Daisy pattern(s). My largest criticism of the book, however, is the organization. Most of the people I know who collect Pyrex do it by pattern-type, not piece-type. This is a much better resource if you're interested in

collecting Pyrex in general, instead of all the pieces in a particular pattern. 5 of 5 people found the following review helpful. Perfect for People with a Penchant for Pyrex By L. J. Oja I bought this book for my daughter because of her interest (to put it mildly) in collecting Pyrex. She was intrigued with the book, and poured over it with more than great interest. She found it to be accurate so far, and the pictures and descriptions work well for her. Aside from the jealousy associated with the author, Barbara E Mauzy, ostensibly owning the pyrex products that are featured in the book, it is an excellent addition to any pyrex collectors library. In my case, it made an excellent birthday gift ! 0 of 0 people found the following review helpful. Full of information. By Sueg My daughter has a collection of Pyrex. I felt she needed to have books on it. What a great book this is.

More popular than ever, Corning's PYREX is one of the most recognized and collected of vintage kitchen glass. Ovenware, FLAMEWARE, colorful later additions, laboratory glass, and more are presented in an organized format in this revised and expanded 4th edition. New chapter includes pattern names, and there are more than eighty additional full-color photographs. \n Even owners of the previous editions will find this 4th edition indispensable.

About the Author Barbara Mauzy is an authority on glassware and kitchen collecting. She has written numerous books for Schiffer Publishing, including Mauzy's Comprehensive Handbook of Depression Glass Prices and Mauzy's Photographic Reference of Depression Glass.
