[Pdf free] Quilting Memories

## Quilting Memories

**Jefferson County Historical Society : Quilting Memories** before purchasing it in order to gage whether or not it would be worth my time, and all praised Quilting Memories:

This is a catalog for Quilting Memories, an exhibition of historic quilts at the Jefferson Museum of Art History in Port Townsend, Washington from September 2016 to February 2017. The quilts exhibited are from the collection of the historical society; most are loans from members of the community. All represent skill and artistry far beyond practical requirements. As cherished heirlooms, they illustrate hard-working womens deep desire for beauty and creative expression.
