A great book from a great manBy MormonYoYoManTo this day, I miss Jim Harmon and regret not replying to his last letter before his death. He had a way of sharing his enthusiasm that would bring you fresh happiness in the midst of the worst of times. And his knowledge was second to none. No one - repeat: NO one - could tell you more about radio premiums.0 of 0 people found the following review helpful. Very Nice BookBy CustomerA somewhat dated (1997) book that is still a great reference to some of the premiums that were available. It is well worth the bargain price this is selling for used.
