DeanI have not only read this book over and over again and still find and see things that I missed on my stamps and I have a lot of them pass down from my mother in law to my husband and he has the interest of foreign coins that also was passed to him so If anyone knows the best book out there on coins and paper money I would like to hear which book to get . This was a book of great pictures and details. The buyer was fast in delivering and it looks new instead of used. Thanks.0 of 0 people found the following review helpful. up date bindingBy Annette Grant Cadyp lease up date binding on this book it is a paper back , thank you1877707023FNSku X000L4FFWTTTitle The Postal Service Guide to U.S. StampsBinding Hardcover
