## **The Princess Doll's Scrapbook**

**Elaine Melby Ayre : The Princess Doll's Scrapbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Princess Doll's Scrapbook:

0 of 0 people found the following review helpful. A great family storyBy MR PHILIP J RAMSTADThoughtful and interesting story of the author's quest for family history. Will be helpful to others interested in how to explore their own family story. Also sheds light on the Norwegian immigrant story in the 19th and early 20th century.0 of 0 people found the following review helpful. I highly recommend! Especially for anyone interested in family roots.By Ruby SnowflakeI really enjoyed this book. The author has done a lot of research and weaves a beautiful story.

"...imparts evanescent visions of oceans crossed and lands traversed from the late 1800s and grounds the reader to the present time. Beginning in Norway and culminating in Canada, a lovingly crafted outline of the author's rich family history..." "...more than the record of an heirloom or a family tree;...the reconstruction of the story of a family, rooted and established in love, sharing an unshakeable faith, and reaping the blessing of a clan that has spanned centuries. ...a compelling work- because of the universal appeal of seeking out one's family history, and the sense of timeless belonging revealed throughout... a haunting, yet comforting story that shares the same interesting elements of famous stories...that explore the details of pioneer living..." "...I...compliment you on your thorough, thoughtful research and your writing style. This book is a real treasure! It will appeal to a variety of readers:...young and old...anyone interested in Norwegian immigrant stories or who want to know something about researching family history and learn...what drew relatives to Canada a century ago...and about the adventure of doing research about things of value to us."
