[E-BOOK] The Scottish Sword 1600-1945: An Illustrated History

The Scottish Sword 1600-1945: An Illustrated History

Harvey J S Withers : The Scottish Sword 1600-1945: An Illustrated History before purchasing it in order to gage whether or not it would be worth my time, and all praised The Scottish Sword 1600-1945: An Illustrated History:

0 of 0 people found the following review helpful. Excellent Book about Basket Hilt Scottish SwordsBy Charles GaddaThis is an outstanding book on Scottish Basket Hilt "Claymores" - thoroughly covering the subject and providing high quality, color photos of these swords. My only complaint is that the two handed "Claymores" are only covered over the span of a mere two pages; given that these are Scottish swords as well, that fall more or less within the time span specified on the cover, it is unfortunate that they were given such short shrift.But if you are primarily interested in the Basket Hilted swords, than this should be considered a primary reference on the subject, and a "must have" for your library.0 of 0 people found the following review helpful. Five StarsBy CustomerAll perfectly!

A comprehensive and full colour history of the Scottish military sword from 1600-1945 The book contains over 1200 full colour detailed photographs of antique Scottish swords, including close-up photographs and descriptions of each

sword. There are also comprehensive sections detailing the historical background of the many different Scottish sword types including the famous Highlander's basket hilt, two-handed sword, British Army pattern Scottish military swords, cross hilts and non-regulation swords. There is also a comprehensive bibliography.
