The Ultimate Hamer Guitars: An Illustrated History

Steve Matthes, Joe Moffett, Foreword by Rick Nielsen, Introduction by Paul Hamer, Afterword by Jol Dantzig
: **The Ultimate Hamer Guitars: An Illustrated History** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ultimate Hamer Guitars: An Illustrated History:

0 of 0 people found the following review helpful. Great for Hamer nerdsBy LexLuthierVery cool book, as now that the original Hamer company is long gone, it is great to get this stuff documented before peoples memory fades. I really wish the book would have gone into more detail behind Paul Hamer leaving the company, seems like a big omission to me, because that was always something I wondered about, and the book really didn't provide answers. Sometimes the truth isn't pretty, but leaving out something like that leaves a hole in an otherwise fine book. But for the hardcore Hamer fan, it's a must have book!0 of 0 people found the following review helpful. This book will essentially validate every reason you've ever loved a Hamer for and then someBy Robert B GobleIf you are a Hamer player or fan this is a must have book for your guitar library or on your coffee table. Well written and very accessible - gorgeous photos

with tons of detail - help your friends understand why you play Hamer guitars. This book will essentially validate every reason you've ever loved a Hamer for and then some. Great Job Steve. 1 of 1 people found the following review helpful. Hamer Guitars Rocks By eieioI dont think this effort to detail the Guitars and the (high level) story of the company could have been told any better. Steve and his brother countinue their commendable effort via social media to keep the Hamer line alive despite the fact that Hamer as a retail line is not currenty in production.

Through 390 images, this book tells the story of what is often regarded as the first boutique guitar builder. Presenting a lavishly illustrated text with many never before published photos and drawings, see how Hamer rose from humble origins to compete with the giants of American guitarmaking.

About the Author Steve Matthes has been playing and collecting guitars since 1979. He lives in Harrisburg, Pennsylvania, with his wife and children. Joe Moffett works at Northern Kentucky University. He has authored a number of books and articles, and has been playing, buying, and selling guitars for almost twenty-five years. He lives in Kentucky.
