They offer valuable information how to choose which pins to collect for the serious collectors.0 of 0 people found the following review helpful. Five StarsBy Patrice FieldsLove it1 of 2 people found the following review helpful. Disney Trading Book ReferenceBy G. BurrittThis is a paperback book FILLED to capacity with pins and their description. The authors do a nice job categorizing the pins and providing codes for how much the pins are worth. There is also a nice guide in the beginning explaining the history of pins and what to look for when collecting them. I've referred to it many times. It's a great book to have as a reference.

Editorial Reviews The 6th Edition of Tomart's DISNEYANA Guide to Pin Trading(although the one listed here is for the 5th edition) is the first new edition in over two years, and contains many additions and changes. But don't get rid of your Fifth or earlier editions. Many pins will not be repeated. Foreign pins and Disney Auction/Shopping pins have been eliminated to concentrate on US Disney theme parks, Disney Cruise Line, New York World of Disney and other operations. New issue pins for eliminated catagories will still be covered in Tomart's DISNEYANA Update magazine, but will not appear in our traditional guide. Values have also been revised to reflect the current market. --This text
