Though I have two Star Wars collectibles that were not listed in the book, nearly a dozen others were featured.2 of 10 people found the following review helpful. GUIDE TO THE GALAXYBy Stargazer67This is it - the only book you will ever need to find what you have been looking for in the STAR WARS universe!"DO or DO NOT, there is no try." - YODA17 of 17 people found the following review helpful. The definitive Star Wars price guideBy Gus LopezThe "Tomart Guide" is the only Star Wars price guide you'll ever need. It is comprehensive with just about every production Star Wars item known to exist in the world. Did you know that they made "Star Wars Dog Chow" in Australia in the early 1980's? How about a ceramic tape dispenser where you pull tape from between C-3PO's legs? Or a Boba Fett cake pan...there's no better way to honor the most notorious bounty hunter in the galaxy than a frosted cake with his likeness. From tacky to the timeless, it's all contained within the pages of the Tomart guide, with hundreds of photographs of many of the items listed in the book. No true Star Wars collecting geek should go without it. This is the only Star Wars price guide authorized by Lucasilm, and no other guide is as detailed and thorough as the Tomart guide.
