Transistor Radios: A Collector's Encyclopedia and Price Guide

D. R. Lane, Robert A. Lane : **Transistor Radios: A Collector's Encyclopedia and Price Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Transistor Radios: A Collector's Encyclopedia and Price Guide:

0 of 0 people found the following review helpful. Great Historical Information!By Daryl E. SmithI love radios of all kinds...particularly table-tops and transistors. This book explores some of the most interesting transistors ever made. I grew up in the late fifties and early sixties, and I have great memories of falling asleep with the earphone of my Global 711 in my ear as the various stations around the country signed off the air playing the Star Spangled Banner. KIf you're not a collector, you will be after reading this book! Wonderful seller to buy from as well0 of 0 people found the following review helpful. better descriptions wouldBy cjvwould have appreciated color photos 99% bw. better descriptions would help0 of 0 people found the following review helpful. Five StarsBy Tammy RNice reference book
